1. Introduction

Thank you for being a partner of The Bristol Language Centre. We hope that the information enclosed in this document will help you better represent our company and answer any questions.

We know that delivering a high quality professional service to our partner organisations is of vital importance to the success of our business. As an independent organisation we are able to provide a personal service in which we can tailor requirements to the needs of individuals or groups.

2. Our Company

THE BRISTOL LANGUAGE CENTRE is a British Council accredited school, which offers a wide range of high quality English language courses. We pride ourselves in taking care of individual students' needs and welfare. The school is based in the centre of Bristol in a thriving area near the quay, only a short walk from the city's main shopping centre, best cinemas and theatres and vast array of restaurants, cafes and clubs. The Bristol Language Centre is a friendly and professional organisation which offers a dedicated service to all our partners.

The Bristol Language Centre was established by the Managing Director and owner Seonaid Birkett in September 2004. The school is located in Bristol city centre, opposite St. Mary Redcliffe Church and five minutes from Bristol Temple Meads station. The school is located in the heart of the Bristol business community and occupies the 1st, 2nd and 3rd floor of a modern office building. The premises comprise three offices, a study room, thirteen classrooms, a teachers' room and student recreational area. The classrooms are well equipped and there is an interactive whiteboard facility. Students have ready access to computers, including free internet access and the student resource centre. There is a range of material available for students concerning Bristol's places of interest, transport and other useful information.

The school provides a range of high quality courses, from General and Intensive English to Cambridge, IELTS, TOEFL and TOEIC examination courses, as well as Business English courses for groups and individuals. In addition, The Bristol Language Centre has developed a wide range of university preparation courses and progression routes which means that students can go on to study A Levels, international foundation programmes, foundation degrees, degree and masters programmes.

Courses are available as daytime and evening courses. The daytime courses are largely attended by non European students, from September to April, and European and non European students from May to August. During the summer months, the school also uses additional space at the Open University premises, 1 Portwall Lane, and the excellent facilities for adults and juniors at The City of Bristol College, College Green.

The school is an independent organisation, which is viewed as being part of a wider educational community. The school has established a number of partnerships with other colleges of further education and universities. This is a wide and expanding range of partnerships which means that a student's language studies at The Bristol Language Centre is part of his or her broader educational experience. As many of the students at The Bristol Language Centre will go on to Further or Higher Education in the UK, the school provides academic guidance for students who require it. For this reason, the language courses at The Bristol Language Centre are not seen as 'stand alone' courses but a step on each student's educational pathway and personal development. Studying at the school is a fantastic opportunity to learn English in England!

5. Language Programme

5.1 Focus

Our lessons tend to focus on improving listening, speaking, pronunciation and 'real English' (idiom, slang, and collocation). The classes are communicative with integrated skills: reading, writing, listening, speaking, grammar and vocabulary.

5.2 Class Structure

Morning classes are General English at various levels. Morning lessons consist of 4 lessons of 45 minutes. Classes begin at 9:15 am and finish at 12:30 pm, with a 15 minute break at 10.45 am

Afternoon classes are from 1.45 pm to 3.15 pm and are made up of two 45 minute lessons. Students can choose from the following courses: Semi-intensive English, Intensive English, Business English, examination preparation courses (FCE, CAE, IELTS, TOEFL, TOEIC), university preparation.

We also offer evening classes which run twice a week on Tuesday or Thursday 6 pm to 8 pm. Courses offered are General English, Business and Communications, FCE, and CAE.

All classes have a maximum of 12 students providing greater teacher attention.

5.3 Teaching Material

General English classes are taught using the text book *Total English* which the school uses from class sets. The text book is based on the Common European Framework (CEF) 'can do' objectives. Every level includes a wide range of authentic supplementary material including an exciting DVD with authentic clips film and TV, and a 'catch up' CD-ROM with extra practice for students. There is need to purchase the book for the General English course. Teachers also use a range of materials and activities: television, advertising, radio, music, films, the Internet, role-plays, games, research projects, debates and presentations. So students can benefit from being in England and using material that is all around them. The course puts emphasis on study skills and independent learning so dictionary skills are covered in the lessons.
